

THREE EFFICIENT MEDICINES

Hood's Sarsaparilla, superlative blood purifier and appetizer, originated in a Boston physician's successful prescription.

Pepsin, superlative iron tonic, for anemia, nervousness, made from iron, pepsin, nux, cod liver, etc.

Hood's Pills, superlative family cathartic, for liver, constipation.

The superlative combination that gives superlative health.

Practically everybody needs at least one of these medicines.

But—If your blood is scrofulous, if you are also anemic or nervous, if you are constipated besides—thousands have all these ailments.

You need all three medicines.

Ask your druggist for them today.

—(Adv.)

A FREE TONIC

Everybody needs iron. It builds you up, helps complexion, blood, appetite, digestion. A few drops in milk or soft drinks is fine for you. Many local fountains serve it. Ask for some "A-I-M" in your drink. It costs nothing extra.

EVER TRY THIS?

For the nerves, complexion, blood and appetite, did you ever have them put a few drops of iron in your "dope" instead of ammonia or lime? Everybody needs iron. It builds you up. Many fountains gladly serve it. Ask for "A-I-M."

IRON IN YOUR SODAS

Highly concentrated medicinal iron under the 30-year famous "A-I-M" trademark of quality, is a wonderful tonic. They gladly put a few drops in your milk or soft drink at many fountains instead of lime or ammonia. Ask for it. Everybody needs iron. It builds you up.

PUTS "PEP" IN YOUR DOPE

Watch how you appetite and system builds up when you start having a few drops of iron put in every soft drink. Many fountains gladly serve it instead of lime or ammonia. Tell the boy to put a drop or two of "A-I-M" in yours. Everybody needs iron. It helps appetite, blood, complexion. Costs you nothing extra.

TRY IT IN YOUR DOPE

Instead of lime or ammonia, let the boy put some nerve and tissue building iron in your drink. Costs nothing extra. Everybody needs iron. Its quality and strength is guaranteed by the 30-year famous "A-I-M" trademark of one of the largest Chemical Corporations. Absolutely harmless.

TRY IRON IN YOURS

Everybody knows iron helps appetite, nerves, blood and complexion. Why not have the boy shake a drop or two in your soft drinks instead of lime or ammonia? It builds you up. Many fountains gladly serve it now.

SODA FOUNTAINS SERVE IT

Iron helps a person's appetite, nerves, blood and complexion. Driven out the uric acid. It builds you up. Many fountains without extra charge gladly put a drop or two of iron in your soft drinks. Tell the boy to put some "A-I-M" iron in yours.

HERE'S A NEW ONE

Many soda fountains gladly put a drop or two of "A-I-M" in milk or soft drinks if you ask. "A-I-M" is a highly concentrated natural iron compound, non-injurious. Ever, body needs iron. Try it in your dope, a few days. Watch your appetite and "pep" increase. It builds you up.—(Adv.)

DOYLE SENT TO CAMP WHEELER

Camp Sevier Boys Enjoy Ham and Eggs—"Berlin or Bust" Is Slogan.

(Special to The News.)
Camp Sevier, Greenville, S. C., Feb. 9.—A. E. Marriot, Camp Y. M. C. A. physical director, has returned from Atlanta, where he went to make various arrangements for securing an adequate amount of athletic equipment for the fast expanding work here.

Maj. Alex. C. Doyle, quartermaster corps, who as constructing quartermaster was in charge of the building work at Camp Sevier from its beginning until a short time ago, has been relieved of duty here and will report to Camp Wheeler, Macon, Ga., as an assistant to the camp quartermaster. Maj. Doyle will not leave until the completion of his duties as a member of the board adjusting claims for damages arising from the occupancy of the camp site, and this will probably keep him here several days more.

The boys of Battery A of the 115th field artillery, from Memphis, are fine livers. A reporter who enjoyed their warm, cordial hospitality at supper can attest to this. In addition to the regular army chow, which is admittedly good and substantial, the boys sometimes have a dab of cream for dessert, and the proverbial "ham and eggs" is no rarity. No, sir-ree, the Battery A artillerymen believe in good things to eat and they have a nice little mess fund of about \$1,350 to their credit with which to provide those things that make a soldier's mouth water. That ain't bad, is it?

Private Vernie B. Stirewalt, headquarters company, 115th field artillery, tried before general court-martial, was convicted on a charge of stealing \$2 from a fellow soldier. He was sentenced to serve five years in the federal penitentiary at Atlanta.

No deaths have occurred at Camp Sevier since Feb. 4, it was reported Thursday. With the exception of mumps there is no epidemic of any other disease.

News of the sinking by an enemy torpedo of the transport Tuscania and the loss of national guardsmen aboard the fighting spirit good and strong into the heart of nearly every Sammie at Camp Sevier. "R'n'n" to go," the expression coined by the guardsmen on the border last year, still holds good with the rank and file of the Thirtieth division, and such slogans as "Jab the Kaiser," "Berlin or Bust," "To hell with the Hohenzollerns" and the like are everywhere to be seen painted in bold letters throughout the camp. They've got the spirit and they are waiting to get all their equipment.

Dr. S. G. Glover, city physician, states that the number of cases of epidemic cerebro-spinal meningitis in Greenville and its suburbs is alarming. He knew, he said, of fourteen actual and two suspicious cases.

TEACHERS BEGIN WORK OF CLASSIFYING REGISTRANTS

(Special to The News.)
Cleveland, Feb. 9.—Occupational cards for all registrants are being made out at the office of the local board by a number of schoolteachers who have volunteered for the work. The cards for class I are about completed and will soon be sent to Washington. The following teachers are doing the work: Misses Lillian Duff, Esther Wooten, Mamie Thomas, Mrs. H. A. Hibben, Prof. D. C. Arnold.

BRADLEY BOY BELIEVED TO HAVE BEEN ON TUSCANIA

(Special to The News.)
Cleveland, Feb. 9.—Sim I. Beatty, son of Squire J. E. Beatty, of this city, a member of Company E, Twentieth engineers, reported to have been on the troop ship which was sunk by a submarine Wednesday. It was at first thought that young Beatty was on the ill-fated ship, but his father states that he received a cablegram from him two weeks ago announcing that he had arrived safely in France.

Beatty enlisted in a forestry regiment last summer and has been at Camp Washington University, Washington, D. C.

Zouaves, another Bradley county boy, is a member of the Twentieth engineers, being in Company A. Roy Allen, a nephew of Mrs. M. Chittenden, of this place, is believed to have been on the ship. He is a member of the Michigan guard, Thirty-second division, and was at the concentration camp at Hoboken when Mrs. Chittenden last heard from him.

CLEVELAND DOCTOR GETS COMMISSION

(Special to The News.)
Cleveland, Feb. 9.—Dr. C. T. Speck has received a commission as captain in the medical reserve corps. He is excused from attending the medical training camp.

Two other Cleveland doctors have received commissions. Dr. Dabney Minor attended the last training school at Camp Warden McLean and left last week for Boston. Dr. T. E. Chambers also holds a commission.

CEREAL CHEMISTS TO CONDUCT VICTORY BREAD LESSONS

Will Tour Country Advising Bakers and Millers in Preparation of Victory Bread and Flours.

Washington, Feb. 9.—Baking of victory bread is to be taught to bakers throughout the country by cereal chemists. The food administration announced last night that it will send experts on lecture tours to advise the bakers and also instruct millers concerning the administration's new milling requirements.

The program has the support of the American Society of Milling and Baking Technology and the American Society of Cereal Chemists.

BODY OF TRACTION PRESIDENT RECOVERED FROM TEXAS LAKE

Disappeared While on Hunting Trip Nearly a Month Ago—Body of Servant Also Found.

Shreveport, La., Feb. 9.—The fact that W. F. Dillon, president of the Shreveport Traction company, was drowned while on a hunting trip in Caddo lake last month was established with the finding of his body and that of a negro servant who accompanied him on the trip in the lake. It is believed that they were caught in a blizzard while on the lake and the light boat in which they were traveling was overturned.

Judge Neil to Leave Britain Soon in World Campaign for Mothers' Pensions

London, England.—Judge Neil, of Chicago, expects to sail soon to Africa and from there to Australia, Tasmania, New Zealand, Hawaii and then back to America, thus completing his tour around the world with mothers' pensions.

He will carry his campaign into every part of the world where the English language is spoken generally. He has been in Great Britain for eight months and has visited almost every important city and town, not only in England, but in Scotland, Ireland and Wales, and has given 200 addresses. He is more than pleased with the way in which his message has been welcomed.

GERMAN KAISER UNOFFICIALLY ENCOURAGING POLYGAMY

(By Victor Morgan.)
(Copyright, 1918, by the Newspaper Enterprise Association.)

One thing the Kaiser dares not do—he dares not officially approve the introduction of polygamy into the empire.

For some time the semi-official newspapers of Germany carried on a discreet propaganda, doubtless at the behest of the authorities, to test the temper of the people on the subject. No progress could be made.

So officially the government condemns polygamy; unofficially it encourages it. As a result, free love colonies have sprung up in many parts of Germany. The Berliner Tageblatt, presumably the mouthpiece of the Kaiser, recently commented on this fact. The tone of the comment was by no means condemnatory.

All these organizations," says the Tageblatt, "desire to improve the German birth rate."

While the exact number of the German killed is not available, 1,500,000 would be a conservative estimate. Most of the killed were young men, the fathers of the future.

The Kaiser has always had an affection for numbers in position. Early marriages have been encouraged; race suicide condemned. Illegitimacy in Germany has always been treated with greater liberality than in any other country save Russia.

The German Society for the Regeneration of the Race is the name of the leading organization which believes that only plural wives can overcome the vast disparity between the number of men and the number of women in the empire after the war. There are other organizations of like character, known as the Ariana society, the Eden Colonies and the New Order.

The various societies advocating the practice of polygamy advance so much of scientific cant in the reasons for existence that it is easy to trace in them the hand of the university savants, in peace time the pets of the Kaiser. No man is to have more wives than he can support. The rights of the wives shall be equal. Every marriage is for a lifetime. And so on.

There is another group, led by Prof. Thiele, medical director of the schools at Chemnitz, which believes it is important that more should be done for the living today and less for those yet unborn.

Famine-drops, hunger-typhoid, tuberculosis—all due to lack of proper food—have seized upon thousands of children in Germany and threaten to wreck their health permanently if more is not done for their relief.

With true German thoroughness Dr. Thiele has reduced the situation to figures. Health records for 600 children have been kept throughout the period of the war. Almost without exception the children either have lost weight or have failed to make the gains that should accompany increases in years.

"This loss of weight," said Dr. Thiele in a medical report, supported to elaborate among doctors only, "is due, of course, to the fact that foods to which the children have been accustomed have disappeared from their meals."

Fifty-six per cent of the children were below normal, judged by the standard prevailing before the war. Ten per cent were pronounced anemic. There was an increase of 4 per cent among the tubercular.

In common with other observers, Dr. Thiele points out that the chief sufferers are the children of men of fixed pay—schoolmasters, university instructors, government clerks, etc. These men have had no increase in pay to meet advancing prices, and consequently their standard of living now is lower than that of the skilled mechanic, who, being very much in demand, has had many increases.

Suicides have increased in number by

CASCARETS SELL TWENTY MILLION BOXES PER YEAR

Best, safest cathartic for liver and bowels, and people know it.

They're fine! Don't stay bilious, sick, headachy or constipated.

WORK WHILE YOU SLEEP

Enjoy life! Keep clean inside with Cascarets. Take one or two at night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand. Your head will be clear, your tongue clean, breath right, stomach sweet and your liver and thirty feet of bowels active. Get a box at any drug store and straighten up. Stop the headaches, bilious spells, bad colds and bad days—Brighten up. Cheer up. Clean up! Mothers should give a whole Cascaret to children when cross, bilious, feverish or if tongue is coated—they are harmless—never gripe or sicken.—(Adv.)

VICTOR MORGAN

16 per cent. in Germany since the war began. This fact is giving the German government some concern.

Three out of every four suicides are women, according to the latest figures. In most cases the suicides have been women left entirely alone in the world through the loss of father, sons or brothers.

The kingdom of Saxony has always led the world in the number of suicides, and the largest increase are now reported from that section. Germany as a whole has been third among nations in the number of suicides.

This proneness to despondency in Sax-

ony and other German states has been counted on by the allies as likely to be a factor in determining the outcome of the war.

Once there is fighting on German territory and the utter hopelessness of the situation is borne in upon the German people, this tendency is expected to start a crack in the morale that will extend the full length of the empire.

Newspapers of the larger cities are filled with advertisements of women offering marriage. Note this advertisement from the Berlin Tagliche Rundschau.

"Christmas wish: Two young ladies of society, charming appearance, blond, brunet, amiable, highly accomplished, wish to make acquaintance of distinguished professor or merchant, with a view to marriage."

No doubt each lady desires a husband to herself, though the fact is not made clear in the advertisement.

The war has opened up many avenues of employment heretofore closed to women in Germany. One Berlin paper devotes half a page to advertisements for women clerks, stenographers, bookkeepers, cashiers, etc. There are also many advertisements of women doctors and women lawyers.

NEW ORLEANS METAL TRADES STRIKE HAS BEEN SETTLED

Four Thousand Workers Out Since Jan. 5 Returned to Work Today.

New Orleans, Feb. 9.—All of the 4,000 union metal trades workers who have been on strike here since Jan. 5 returned to work today, after the metal trades council had ratified the decision of the strikers at a mass meeting to resume work on a compromise wage scale, pending final adjustment by an arbitration board.

S. H. Britton, president of the International Association of Machinists, who announced his resignation after the strikers' vote, claiming their action was irregular, yesterday stated he had reconsidered and would retain his office.

FIFTY-FIVE INDICTMENTS AGAINST I. W. W. MEMBERS

Alleged Plot to Destroy Industries and Shipping Said to Be Discovered at Sacramento.

Washington, Feb. 9.—Industrial Workers of the World on the Pacific coast have planned wholesale destruction of industries and shipping, and other interference with prosecution of the war, it was said yesterday at the department of justice. The indictment of fifty-five at Sacramento by a federal grand jury is the result of recent investigations by government agents who discovered that leaders were plotting systematic sabotage.

Children Cry FOR FLETCHER'S CASTORIA

Why German Workingmen Cry "Peace and Freedom!"

We in America must not exaggerate, of course, the reports of strikes, peace-parades, and even peace-riots that are filtering through the stone-wall censorship established by the beneficent Kaisers of Mitteleuropa over their happy peoples, but when audiences in Germany drown out "Deutschland über Alles" by roaring the "Marseillaise," with its wild call "to arms" against "tyrants" who "lash and goad us," outsiders can hardly be blamed for suspecting that something is stirring.

When in Frankfurt in January the Fatherland party tried to hold a meeting to elucidate their plan to extend the Fatherland over all neighboring territory (at the expense of the lives of the fathers and brothers of the people in the audience), the said audience burst into shouts of "Peace and Freedom!" started the "Marseillaise," and, according to the Vorwärts, poured through the streets "like an avalanche," while the populace at the windows greeted them with waving handkerchiefs and shouts of encouragement, which led to the smashing of the windows of the local annexationist newspapers.

In THE LITERARY DIGEST for February 9th there is a careful analysis of all the news from all sources bearing upon this potentially significant phase of the war. Other striking articles in this number are:

How President Wilson Is Waging War

A Digest of Secretary-of-War Baker's Defense and the Editorial Comment of Newspapers of All Political Persuasions Upon the Administration's Conduct of the War
